

Dr. Phil

Mountain Homes Youth Ranch is proud to say that we have been a featured therapeutic program for troubled teens and young adults on the Dr. Phil Show. MHYR operates two separate treatment programs. MHYR accepts troubled teens from ages 12-17 and also operates a separate young adult program for adults ages 18-27, which is called Ashley Valley Wilderness .

Our program appeared on the Dr. Phil Show in December, 2002. Rob Caldwell (MHYR Clinical Director) traveled to Los Angeles, and while on the show met a young adult who was a featured guest. MHYR accepted the young man into our adult program (Ashley Valley Wilderness) for 18-25 year olds.

Dr. Phil indicated on his show that he had asked his staff to find the best program they could in the United States for troubled teens and young adults, and that they had recommended Mountain Homes Youth Ranch. The young adult left the show and immediately entered into our program.

Dr. Phil has also referred other students to MHYR. These students experienced a life-changing experience while in the program, and have continued their positive behavioral changes upon returning home.

To receive help for your teen or young adult contact Mountain Homes Youth Ranch and/or Ashley Valley Wilderness by calling 1-866-781-2450, or visit us on our websites at www.mhyr.com or www.ashleyvalleywilderness.com .

You can also check out Dr. Phil's website and request the tape and transcript where Dr. Phil sent a runaway to our program by clicking [here](#). The show was titled "Life on the Streets". Also at this link you will see "Mountain Homes Youth Ranch" listed as a "Related Resource" at the bottom of the page.
